The Hideaways Club

Own luxurious villas and city apartments around the world

Over the past few years the international property market, along with the global economy, has proved itself to be a somewhat volatile and uncertain area in which to invest. In these fluctuating financial times when security of investment is of prime concern, those people considering purchasing a holiday home overseas or a city apartment could well take a look at membership of The Hideaways Club. With its professionally managed, diversified and liquid funds, this type of membership provides the logical financial alternative to sole property ownership.

Formed in 2007, The Hideaways Club is a global property company that manages two international investment Funds – a collection of luxury villas and city apartments. The first Fund, the ‘Classic Collection,’ has grown to become the largest club of its kind in the world, offering the opportunity to invest in and exclusively enjoy an entire portfolio of luxury villas and chalets throughout Europe, Africa, Mauritius and South East Asia. With a lead-in membership fee of £132,500 investors in the Fund automatically become members of The Hideaways Club which gives them year round usage of a wide variety of magnificent £1.5million plus properties

in which to holiday. These range from stunning chalets in the Swiss and French Alps and Japan’s premier ski region of Niseko, to beautiful and luxurious villas in the South of France, Portugal, Spain, Morocco, South Africa and Croatia. The Club recently added properties in Ibiza, Mauritius, Bali and Phuket to its burgeoning portfolio with many more scheduled to be added over the next three years.

Properties in the portfolio are located in areas that are renowned for their beauty and accessibility. Luxuriously furnished with great care and attention paid to the smallest detail, all villas are

family friendly and have 4 to 5 bedrooms, private swimming pools and gardens.

In January this year the company launched its second Fund, The City Collection – an exclusive private Members Club which will provide Members with a new way to enjoy an unrivalled and luxurious city lifestyle. The City Collection offers Members a wide selection of fully serviced apartments in some of the most vibrant and glamorous cities around the world. Set too initially begin with 10 apartments including New York, London, Paris, Barcelona, Rome, Miami and Istanbul, additional cities to be added to the portfolio will be as diversified as Moscow and Rio de Janeiro to Bangkok and Sydney with an ultimate target of 120 city properties over the next three years.

Ideal for short city breaks and offering variety and flexibility, every apartment will be located in a secure location in or close to city centres, and all will be overseen by a 5 Star central Concierge Service.

The City Collection has been created for busy people who enjoy travel and an international

lifestyle and make frequent city visits. It is of particular appeal to those with hectic schedules who are looking for a few days relaxation, family breaks and those who want to experience the wide variety of shops, restaurants and nightlife on offer in these cities.

The key word in the The Hideaways Club’s description is ‘ownership.’ With both The Hideaways Club Funds investors buy a stake in the whole property portfolio which is selected, managed and maintained by leading experts in these fields. They also enjoy the benefits of a property investment without all the hassles typically associated with sole ownership. The majority of destination clubs often lack the security of investment and actual asset ownership, and only involve the purchase of a limited number of properties, thereby limiting any potential future growth of the investment.

With both Funds of The Hideaways Club Members benefit from the upsides of ownership – enjoying any future capital growth – while avoiding the concerns of looking after a distant property and the commitment to return to the same destination year on year.

The Hideaways Club Classic Collection currently owns 29 properties, and through its alliances with the US based Equity Estates and Banyan Tree Private Collection members now have the choice of over 50 spectacular properties around the world in which to holiday.

Aside from the investment, The Hideaways Club offers a unique and flexible travel lifestyle featuring

its private Concierge Service who will take care of every detail, specifically tailoring each holiday to suit Member’s needs.

The Central Concierge will reserve the villa, chalet or apartment, book airport transfers or rental cars, make dinner reservations and organise any other activities guests wish to arrange ahead of time. Each destination has a Local Concierge, who will greet Members upon arrival at the property in order to brief them on location and to ensure all their needs are met. From the initial booking through to the conclusion of their holiday, Members are looked after by a knowledgeable team, making for the most relaxing and memorable holiday experience.

The Hideaways Club ‘Classic Collection’ offers three types of Membership – Premium, Lifestyle and Associate. Premium Membership costs £250,000 and allows Members to enjoy properties 4 to 8 weeks a year. Lifestyle costs £171,666 and gives Members 2 to 5 weeks a year and Associate Membership costs £132,500 giving up to 4 weeks usage a year. In addition Members will pay a

nominal Annual Cost Contribution (ACC) that covers all running costs. In order to preserve exclusivity the Club will close at 600 members and 100 properties within the next few years.

The City Collection offers two levels of membership – Premium and Associate. Premium membership costs £120,000 giving members up to 23 nights a year in any one of the apartments. This represents excellent value – just £230 a night (up to 60% less than comparable alternatives)

Associate membership, providing a half share in the company portfolio, costs £65,000 and entitles members 12 nights a year in any apartment in the collection.

BIBENDUM

www.bibendum.co.uk

Dining at Bibendum Restaurant is a visual feast as well as a treat for the taste buds. During the day, light streams through the spectacular stained glass windows. Comfy chairs and well-spaced tables add to the feeling of space. The evening brings a sense of glamour and elegance and the right combination of welcome, attentiveness and professionalism has been honed to perfection over the Restaurant's 24 year history.

Head Chef, Matthew Harris continues Simon Hopkinson's legacy of producing classic French food with a strong British influence. The restaurant is open for lunch and dinner 7 days a week, offering a prix fixe 3 course lunch menu for £30.00. The menu is la carte every evening except Sunday when the supper menu offers extraordinary value at £30.00 for 3 courses.

Bibendum's Oyster Bar is more informal than the restaurant, with tiles and pictures depicting great motor races of the past. There is a focus on seafood but plenty of non-fishy choices to keep everyone happy.

Open all day, from mid-day seven days a week, this is a wonderful spot to watch the world go by while enjoying a glass of Champagne. There are references to the Michelin Man all over the building; a wonderful mosaic of Monsieur Bibendum can be found on the floor of the Oyster Bar lobby.

Originally the British head quarters for the French tyre company Michelin in 1911, the Michelin Building was lovingly restored to a restaurant, shop and office space in 1986.

All About Rolex

Rolex watches are amongst the most covetable and collectible in the world. To many, there's something about a Rolex that signifies success – unsurprising perhaps given the brand's history of watchmaking world firsts and high visibility on the wrists of some of the world's highest achievers.

The history of Rolex brims with innovation. Take the Rolex Oyster – the world's first waterproof and airtight wristwatch. In 1927, a 20-something typist and part time swimmer, Mercedes Gleitze, became the first Englishwoman to swim across the Channel - while wearing a Rolex Oyster gifted to her by Rolex founder Hans Wildorf.

Some 26 years later, an Oyster Perpetual accompanied the first explorers to reach the summit of Everest. In 1931, the Rolex Oyster Perpetual was the first watch to contain a rotor that swung in either direction, winding the movement with every flick of the wrist.

Today that system is at the heart of every automatic watch. The 1945 original Oyster Perpetual Datejust was the world's first automatic, waterproof chronometer with the date visible on the dial – that Cyclops lens with the magnified date at 3 o'clock remains the indisputable design cue, telling you you're looking at a Rolex.

Owners of Rolex watches are in fine company. With wearers having ranged from the Dalai Lama to Franklin D Roosevelt, Rolex was also the original choice of James Bond. Today, Elle MacPherson and Jennifer Aniston can often be seen brandishing theirs – be it a Day-Date or a Daytona - while burgeoning waiting lists have been known to render the watches investment pieces

Short supply and high demand for certain models, means some devotees have paid more than the boutique price to see one on their wrist.

Blakes Weddings

Blakes has three beautiful Suites fully licensed to perform ceremonies and our venue's inherently romantic atmosphere makes us the place of choice for an intimate and unforgettable wedding.

Our Top Suite 007, decorated in pale beige and white with red contrast is the popular choice, this magnificent room really does have a 'licence to thrill'. Scattered rose petals, camellias, magnolias and the wonderful smelling tuberose along with grapefruit candles make for a wonderful atmospheric occasion. When set up for a wedding this room takes your breath away, from stunning flowers down to immaculate attention to detail and the final touch is delivered with our wedding breakfast, the perfect start to a happy marriage.

Our rooms come with the finest of grapefruit soaps, grapefruit candles and grapefruit room essence. Beautifully wrapped, these also make perfect gifts.

Bouquets, wreaths, floral arrangements both classical and contemporary are made for the bride.

The Corfu Suite is the perfect place to start a honeymoon. A huge romantic, linen clad 4-poster bed with swathes of Muslin 'mosquito' nets make this room mysterious and magical.

There is also a pretty little green courtyard just outside your door for drinks or a quiet meander before you go downstairs to dinner.

The venue is ideal for small wedding parties strating with as little as 15 and can sit up to 80 guests for a lunch or dinner reception.

Blakes caters for all, whether it is a quiet intimate gathering, renewing old vows, or a traditional full wedding celebration. Our attention to detail and flexibility will ensure the perfect Wedding Ceremony and Reception, so you and your guests can relax and celebrate your day in style.

Our weddings are beautiful, memorable and the epitome of chic.

At Last: A Real Breakthrough in Fast, Effective and Luxurious Weight Loss for the Connoisseur

NEW!

The conventional wisdom tells us losing weight has to be hard work... and a long, drawn-out process that invariably fails us in the end.

Why? Because we approach it the wrong way. It's not rocket science, and if truth be told we all know what needs to be done. Simple. But not always easy. Because we rely on "willpower" and endless hours on the treadmill, neither of which is sustainable for most of us over the long term.

Let me explain...

A New Concept in Weight Loss

Weight loss does take time. It can be fast and efficient, but it's not instantaneous.

And it's not reasonable to expect anyone to starve themselves endlessly, or work themselves into the ground, day in, day out.

That's one reason traditional methods of weight loss fail.

But...

If I was to share with you there's a simple and easy way to lose weight, gain confidence and **lead a much healthier and more fulfilling life**... my guess is I'd have piqued your interest, wouldn't I?

If I then told you it was suitable for *anyone*, men and

"You Can Lose Weight - The step-by-step 'how to' for effective weight loss. Visit www.NuBeginnings.co.uk or call me on 0207 193 6166 and claim your free copy of this remarkable book today!" ~ Victoria Wills

women of any age, you'd want to know more, yes?

And if I revealed that I'm so confident you'll lose weight with the NuBeginnings method I actually *unconditionally guarantee* your success, then you'd realise this is not just your average weight-loss Programme, wouldn't you?

"What a great experience. Hard work and amazing results. I feel and look 100 times better! Thank you"
Katrina - London

You Can Lose Weight!

And it's quicker and easier than you think. But don't just take my word for it — let me prove it to

you at no risk and no cost.

Just visit www.NuBeginnings.co.uk today and **claim your own copy of my new book, absolutely free**... and you'll be on your way to a slimmer, happier and healthier you.
